

Your Unwanted Furniture Could Start a New Home!

For a variety of reasons, many people do not have or can't afford to purchase household items which will help to restore or complete the home environment where they live. They may need items such as beds, bedding, tables, chairs, couches, pots and pans, lights, cookware, small appliances, and many other things that help to make a home comfortable.

Home Start is a Tacoma Exchange Club program that provides services and goods to individuals or families who are in need of "items" which will help to make a house or an apartment more like home.
